FOR IMMEDIATE RELEASE
March 1, 2023

CHW Welcomes Monique Heathcock, PE as Vice President Leading our Transportation Engineering Department

Gainesville, Ocala, Jacksonville, Fort Myers, FL, 1B March 1, 2023 – CHW Professional Consultants, a leading planning, ecological, surveying, engineering, landscape architecture, and construction services firm is proud to announce the return of Monique Heathcock, PE, LEED AP as Vice President leading the Transportation Engineering department.

Monique has almost 30 years of experience in civil engineering design, transportation and design, and project permitting. Monique's transportation expertise is diverse with expertise in roadway resurfacing and rehabilitation, Complete Streets, bike and pedestrian facilities, intersection design, temporary traffic control, and a proven track record in project management and resource deployment. She will be an integral part of CHW's executive team overseeing the expansion of the transportation team, operations, and client relations.

CHW's CEO and President, Robert Walpole, PE, LEED AP, said, "We are excited to welcome Monique back to Team CHW as she takes on the role of expanding and growing CHW's presence in Transportation Engineering thus realizing our Strategic Goals of being a premier consultant in Transportation in the Communities we serve.

Monique is a passionate advocate for the STEM community and has a long-standing commitment to making a positive impact through her work. Prior to retiring in 2021, she served as CHW's Director of Transportation Engineering and had been a part of the CHW team since 2003.

"I am excited to return to CHW and be a part of such a talented and dedicated team," said Monique Heathcock, CHW's Vice President. "I look forward to contributing my experience and knowledge to further advance CHW's reputation for delivering multi-disciplinary, high-quality engineering solutions."

About CHW Professional Consultants
