## **CHW Elevates Anthony V. Caggiano, Jr., PE, as Principal** And Senior Director Leading our Construction Engineering Services Department

**Gainesville, Ocala, Jacksonville, Fort Myers, FL** – CHW Professional Consultants, a leading planning, ecological, surveying, engineering, landscape architecture, construction services, and CEI firm is proud to announce the elevation of Anthony “Tony” V. Caggiano, Jr., PE, as Principal and Senior Director, leading the Construction Engineering Services department.

Tony, well-known for aligning project stakeholders through effective communication, brings an arsenal of engineering expertise spanning more than 14 years to his new role. His unique blend of specialties, ranging from geotechnical and materials engineering to structural forensic evaluations, roadway evaluations, and quality assurance/quality control, has been a driving force behind numerous successful projects across Florida’s public, private, commercial, residential, and infrastructure sectors.

In this pivotal position, Tony will not only continue his leadership and direction of CHW’s Construction Engineering Services + CEI department but will also play a central role in steering the firm’s strategic growth. His appointment underscores the organization’s commitment to nurturing internal talent and aligns perfectly with CHW’s 35-year Anniversary Celebration and our 2025 Vision.

Robert J. Walpole, PE, LEED AP, CEO and President, expressed his enthusiasm about Tony’s promotion, stating, “Tony’s elevation to Principal and Senior Director is an affirmation of his exceptional skill set, deep-seated industry knowledge, and his unique ability to foster seamless communication across diverse teams. We are excited for the dynamism he will bring to the table as we continue to push the boundaries of engineering innovation.”

Beyond his professional accolades, Tony, an alumnus of the Florida Engineering Leadership Institute (FELI) Class of 2022, is celebrated for his famous chili dogs and a distinctive sense of humor that endears him to peers and partners alike. His easy-going nature, coupled with his professional acumen, makes him a standout figure in any group.

Upon his appointment, Anthony “Tony” V. Caggiano, Jr., stated, “I’m honored to step into this leadership role at the next level. As we chart the course for CHW’s future, I am excited to leverage my experience and skills to further bolster our commitment to delivering high-quality, comprehensive engineering solutions; while continuing to advance CHW’s core values and mission.”

### **About CHW Professional Consultants**

Founded in 1988, CHW Professional Consultants is a multi-disciplinary firm providing civil engineering, land surveying, land development planning, ecological services, landscape architecture, transportation planning and traffic engineering, and construction services, to clients

in the private and public sectors.
